Cafe Coffee Day

Project Over View

This Project aims to provide actionable insights into sales performance of our coffee shop by analysing sales data.

Objective

The Primary objective of the analysis are :

1. Understand the sales performances : Identify Peak sales period, Top Selling Products, and overall sales Trends.
2. Optimize Operations : Discover Insights that can help in optimizing inventory, staffing and promotional strategies.

Main Menu

```sql
select distinct product_type from  coffee_sales
```

Results | Messages
